We do what we say and do it well – the first time!

THE COMPANY

Nexus Network Ltd is the creation of local Kenyans enthusiastic about ICT and the solutions that can be tapped and exploited for the benefit of home users, small business enterprises as well as busy IT environments in bigger organizations.

Nexus Network was founded in August 2004 and we are excited about what we are planning to offer all our clients in the years ahead.

OUR VISION

To become a highly sought - after ICT solution provider in Kenya.

OUR MISSION

1. To help our clients deploy the right hardware and software that best serves their unique environments.
2. To deploy ICT policies into offices and business environments with an aim of cutting unnecessary costs, improving efficiency and offering value to their customers.
3. To help our clients integrate the benefit of new ICT advancements into their homes and businesses.

OUR VALUES

Professionalism and integrity. We do what we say and do it well the - first time!
